# L&T rebuilds primary school in Ankhhol village

On June 16, 2011, a primary school at the Ankhhol village meant for rural children was inaugurated in the presence of distinguished dignitaries from District & Taluka Panchayat and senior L&T officials under its CSR programme benefitting hundreds of students in and around the village. The school is one among ten schools adopted by L&T in the villages surrounding L&T Knowledge city. L&T helped rebuilding the old sections of the school. It also provided infrastructure like benches, blackboard, uniform to children and is sponsoring two teaching faculties under the 'Vidya Sahayak' programme
