PMI Award for 2x384 MW Vemagiri Phase-2 Project

The 2x384 MW Combined Cycle Vemagiri Phase-2 Power Project was awarded the second position in the 'Best Project of the Year 2012' category at Project Management National Conference India 2012, organised by Project Management Institute (PMI), India chapter at Chennai.

A video on the journey of Vemagiri project shown on the occasion earned huge applause from the audience for the job done by Vemagiri team. More than 1200 delegates from India and abroad attended the National Conference. The award added one more feather in L&T's cap for impeccable project execution excellence and design and engineering capability of L&T-Sargent & Lundy.
