## Malwa gets 5-Star safety rating

The 2x600 MW Shri Singaji Thermal Power Plant being set up by L&T Power on an EPC basis got Five Star rating in the British Safety Council's Occupational Health and Safety Audit 2013 conducted on July 15-20, 2013 at Malwa site.

With an overall score of 96.8% and a cumulative core of 97.53% on Safety Management Indicators for leadership and continuous improvement, the project also qualified for the 'Sword of Honour' for the year 2013.
