

# LMTG manufactures its first indigenised rotor for RRUVNL

L&T-MHPS Turbine Generators Pvt Ltd (formerly L&t-MHI Turbine Generators Pvt Ltd) manufactured the first indigenised rotor for its customer Rajasthan Rajya Vidyut Utpadan Nigam Ltd (RRVUNL Unit-5). The indigenisation came two years ahead of its original schedule. The rotor was successfully tested and witnessed by the customer at the High Speed Balancing Tunnel (HSBT) in Hazira manufacturing facility on September 13, 2014.
